

ONE DOCK TO RULE THEM ALL

THE ULTIMATE SPACE SAVING AND WORKSPACE EFFICIENCY SOLUTION

Choose this Full HD monitor with a **USB-C dock** to connect your laptop* with a single cable and make sure it is powered and charged.

With a LAN cable your laptop will automatically be connected to the (office-) network. You can easily create a multi-monitor set-up by connecting a second monitor to the DisplayPort (MST) output.

*Functions vary depending on your laptop USB-C support.
